Title	Announcement - PCB design & Capacitor Change		

- Replace the existing capacitor with a higher-capacitance one to improve stability under unstable power supply conditions.
- Even if the change is applied, please note that the previous version of the stock would be shipped for a certain period
- We are striving to take preemptive measures to ensure that there are no problems with delivery time and quality, and we ask for your understanding of any inconvenience caused by changes.

Before change	After change
	
※ Replace the capacitor with one that has a larger size, requiring a rearrangement of the PCB layout.	

Remarks

※ If you think this change will cause trouble, please inform us ahead of **the 20th of November 2026**

※ Please make sure to inform your industrial customers to prevent confusion in the future.
